

## mSERIES THERMAL POS PRINTERS FOR RETAIL & HOSPITALITY

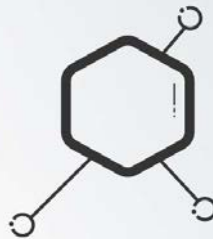

### Innovative Solutions for Your Business

Epson mSeries thermal receipt printer line features sleek, modern industrial design in a compact footprint. Broad and versatile connectivity options are available and allows for easy connection to either PC-POS, mobile POS, or Cloud-based POS systems. The mSeries printer line is available in both black or white and feature interchangeable covers that enable either top or front load configuration. This family of products also offers media width support in either 58 or 80 mm and supports up to four POS peripheral devices.

#### Sleek & Innovative Design

- Small footprint and modern design makes them ideal for counter spaces
- Easily interchangeable top or front load configurations
- Consistent form factors enable seamless upgrades
- Models available in Black or White

#### Versatile Connectivity

- Print from virtually any POS System using tablet & mobile device or traditional desktop PC
- Multi-interface options include USB, Ethernet, Serial, Bluetooth and wireless options
- Epson's beacon support provides distributed proximity-based printing<sup>1</sup> on select models

#### Enhanced Functionality

- Online ordering support through Server Direct Print
- Charge a tablet or smartphone, and communicate data using a single USB cable on select models<sup>4</sup>
- Analyze transaction data and gain useful customer insights with cloud-enabled web applications

# OmniLink® Intelligent Technologies

OmniLink technology is now available in the mSeries family of products. Printers are now online ordering ready with Server Direct Print technology, enabling the printer to retrieve data from the internet and send it directly to the printer. OmniLink Merchant Services (OMS) is supported, empowering businesses to easily implement customer loyalty programs and utilize other cloud applications for business analytics and sales operations to manage their business. Select Epson mSeries OmniLink models offer the ability to charge smart devices. These printers can also communicate data<sup>3</sup> between the printer and the tablet with multiple interface options. Additional USB-Network-Tethering<sup>4</sup> firmware offers network connectivity from the printer to a tablet (available on select models).

## Online Ordering Ready

Server Direct Print technology enables the printer to retrieve data from the Internet, enabling your business to provide online ordering.

## Supports Multiple POS Peripheral Devices

Connect barcode scanners, scales, cash drawers, customer displays and much more.

## OmniLink Merchant Services

Automate cost analysis, get in-depth customer data, gain operating efficiencies and increase your bottom line.

# OmniLink mSeries Thermal Receipt Printers

## OmniLink TM-m50 | 3" Thermal Receipt Printer

- Embedded OmniLink technology
- Triple-interface connectivity; Built-in USB + Ethernet, Serial, Bluetooth®, and wireless options available
- Supports up to three POS peripheral devices (Bluetooth model only)
- Prints up to 350 mm/sec
- Paper saving functions reduce paper usage by up to 49 percent<sup>2</sup>
- Reliability: 200km printer head life<sup>5</sup>, auto cutter life of 2.2 million cuts<sup>5</sup>
- 4-year limited warranty

Peripherals not included.

## OmniLink TM-m30II-h | 3" Thermal Receipt Printer

- Embedded OmniLink technology
- Dual-interface connectivity; USB + Ethernet, Bluetooth, and wireless options available
- Supports up to four POS peripheral devices
- Prints up to 250 mm/sec
- Paper saving functions reduce paper usage by up to 30 percent<sup>2</sup>
- Reliability: 150km printhead life<sup>6</sup>, auto cutter life of 2.2 million cuts<sup>6</sup>
- 2-year limited warranty

## OmniLink TM-m30II-NT | 3" Thermal Receipt Printer

- Embedded OmniLink technology
- Dual-interface connectivity; USB + Ethernet, Bluetooth, and wireless options available
- Supports one POS peripheral devices
- Prints up to 250 mm/sec
- Paper saving functions reduce paper usage by up to 30 percent<sup>2</sup>
- Reliability: 150km printhead life<sup>6</sup>, auto cutter life of 2.2 million cuts<sup>6</sup>
- 2-year limited warranty

# Standard mSeries Thermal Receipt Printers

## TM-m30II | 3" Thermal Receipt Printer

- Dual-interface connectivity; USB + Ethernet, Bluetooth, and wireless options available
- Supports one POS peripheral device
- Prints up to 250 mm/sec
- Paper saving functions reduce paper usage by up to 30 percent<sup>2</sup>
- Reliability: 150km printhead life<sup>6</sup>, auto cutter life of 1.5 million cuts<sup>6</sup>
- 2-year limited warranty

Peripheral not included.

## TM-m30 | 3" Thermal Receipt Printer

- Dual-interface connectivity; USB + Ethernet, Bluetooth, and wireless options available
- Supports one POS peripheral device
- Prints up to 200 mm/sec
- Paper saving functions reduce paper usage by up to 30 percent<sup>2</sup>
- Reliability: 100km printhead life<sup>6</sup>, auto cutter life of 1.5 million cuts<sup>6</sup>
- 2-year limited warranty

## TM-m10 | 2" Thermal Receipt Printer

- Interface options include USB, Ethernet, Bluetooth, and wireless
- Prints up to 150 mm/sec
- Paper saving functions reduce paper usage by up to 30 percent<sup>2</sup>
- Reliability: 100km printhead life<sup>6</sup>, auto cutter life of 1 million cuts<sup>6</sup>
- 1-year limited warranty

# The Epson Advantage

## Dedicated Technical Resource Team

At Epson, we're dedicated to working closely with our customers to provide a total solution. Our experts are available to work directly with each client for personalized design and development.

## Customized Solutions

Providing the product that works best for each client is a priority for Epson. We offer product modifications as well as customized solutions.

## World-class Service and Support

Built to offer reliability you can count on, our products are backed by comprehensive service and support, including the ExpressCare<sup>SM</sup> program, advanced service programs, Spare-in-the-Air/extended warranties and an advanced product support center.

## Epson Business Solutions

Epson is a leading provider of innovative technology solutions that help businesses succeed. We will partner with you to best meet your specific needs, focusing on:

- Improved productivity
- World-class customer service and support
- Cost-effective, high-quality solutions
- A commitment to the environment

### Disclaimers

1. Requires the use of a beacon dongle connected to TM-m50 printer via the USB-A port. Supports only Apple® iBeacon™ compliant format. The Epson-approved dongle is Laird model BT820. | 2. Paper savings depend on the text and graphics printed on the receipt | 3. Feature available for iOS® devices and Android™ devices running Android 10 or later | 4. Only works with iOS devices | 5. Rated printhead and cutter lives are only estimates based on normal use of the printer with the following media only, with printer operated at room temperature and normal humidity: Model KT55FA: Papierfabrik August Koehler SE; Model PD160R: Oji Imaging Media Co., Ltd.; Model TF50KS-Y: NIPPON Paper Industries Co., Ltd. Epson's statements about reliability levels are not warranties of the media or Epson's printers, and the only warranties for printers are the limited warranty statements for each printer. See [www.epson.com/testedmedia](http://www.epson.com/testedmedia) for more information on Tested Media. | 6. Epson's statements about reliability levels are only estimates based on normal use of the printer using tested media only. See [www.epson.com/testedmedia](http://www.epson.com/testedmedia) for more information on Tested Media. These reliability statements are not warranties of the media or Epson's printers, and the only warranties for printers are the limited warranty statements for each printer.
