

# EPSON PRINTING SOLUTIONS HOSPITALITY & FOOD SERVICE

---

Today the food service industry is faced with increasing costs, a softening economy and the need to provide consistent quality and service to retain customers. That's why it is more important than ever to take advantage of the latest technologies that increase efficiencies and reduce operating costs.

## EPSON OFFERS PROVEN SOLUTIONS THAT WORK FOR YOU

Epson's highly reliable and cost-effective family of food service receipt, kitchen and label printers can help you reduce operating costs, simplify cashier training and speed customer orders.

## WITH THE MOST COMPLETE RANGE OF RESTAURANT PRINTING SOLUTIONS AVAILABLE TODAY, EPSON SETS THE INDUSTRY STANDARD IN:

- Innovation
- Reliability
- Value

## EPSON HOSPITALITY AND FOOD SERVICE SOLUTIONS INCLUDE:

- Fast, reliable receipt and label printing
- Durable kitchen printers with two color and right side up printing
- Wired and wireless on-demand food label printers
- Wide variety of connectivity interface options
- Dominant share of the hospitality printer space

**From kitchen to patio to parking lot, you can rely on  
Epson printers to get the job done.**

### **TM-T88IV ReStick - Thermal Liner-free, Label Printer**

Today QSR companies are looking for a cost-effective and efficient labeling solution to help reduce the problems associated with inaccurate orders. Currently up to 15% of delivered orders contain errors which result in wasted food, increased costs and dissatisfied customers. With Epson's new TM-T88IV ReStick liner-free label and receipt printer, QSR companies can now have all the features, speed and reliability they need to improve their delivery systems and reduce their costs.

### **TM-T88IV - 2-Color Thermal Receipt Printer**

Designed specifically for high-volume retail and hospitality environments, the TM-T88IV delivers more speed and more reliability than ever before. It's two-color red and black printing capabilities can be used to highlight order changes to minimize kitchen errors and create attention-getting color logos and impactful marketing messages.

### **TM-U220 - 2-Color Impact Printer**

The TM-U220 impact printer is optimized for fast throughput in counter or kitchen use. It features crisp two-color printing to highlight special orders and impactful logos, plus drop-in paper loading at a great price point.

### **TM-L90 - 2-Color Thermal Label and Barcode Printer**

The cost-effective TM-L90 thermal label and barcode printer offers one- and two-color printing, automatic label peeler option, software for rapid label design and wired or wireless connectivity options.

### **Mobilink™ - Mobile Wireless Thermal Receipt, Label and Barcode Printer**

Epson's compact, cost-effective Mobilink thermal wireless printer is designed for high-speed, on-the-go thermal receipt and label printing. Small and rugged, the Mobilink features an industry-leading battery life of up to 20 hours.
