

# Advance Your Factory with Zebra's Purpose-built Automotive Portfolio

Let the power of connected intelligence drive productivity

Information is critical to your operations. You rely on enterprise-wide visibility into goods in, materials, work-in-progress (WIP) and goods out to streamline workflows, reduce costs and ensure compliance. You need the right devices for the job — especially when it comes to scanning direct part marks. Depend on Zebra's proven and integrated automotive manufacturing solution — including ultra-rugged scanners, printers, tablets and mobile computers, along with quality supplies and premium service.

## Make it Simple. One Brand, One Vendor, One Solution

For all your technology, service and support needs.

Zebra's ultra-rugged scanners, printers, tablets and mobile computers are purpose-built for your environment to empower your team to work faster and smarter. Select Zebra Certified Supplies to print labels that last longer, won't smudge and protect the life of your printhead. Ensure those labels scan the first time, every time, by pairing with a Zebra scanner. Protected by Zebra OneCare™, you're covered with service from the source. Be more productive with Zebra at your side.

## Create your integrated, productive solution:

 <p>Automate workflows to gain efficiencies</p>		 <p>Access data anywhere for smart decision making</p>
