

EXPAND Vision 5

EXPAND Vision 5
EXPAND Vision 5 Bundle

Enhanced Meeting Experience

Take video conferencing to a new level with EXPAND Vision 5 for small and medium-sized meeting rooms. A powerful all-in-one video bar with razor-sharp video and outstanding audio performance thanks to two integrated speakers and four microphones.

Easy to set up with flexible mounting options, cable management and electro-mechanical pan/tilt for optimal installation.

All-in-one product

Speakers, camera, microphones and compute are built in to make this an all-in-one device for small and medium-sized meeting rooms. No PC needed, with UC apps – such as Microsoft Teams – running natively on the device.

Superb audio performance

Powerful stereo speakers carry every word clearly. Beamforming microphone array ensures crisp voice pickup and effective noise and echo cancellation

Intelligent camera solution

Wide angle 4K camera with Sony sensor and electromechanical pan/tilt for optimal room coverage. Intelligent picture framing dynamically adjusts to include all people in the room – powered by EPOS AI™

Supports USB mode

Direct USB connection to PC or Mac® allows participants to bring their own device (BYOD) and run any UC solution from their computer

Certified solutions

Certified for meeting room solutions including Microsoft Teams Rooms on Android™ (with EXPAND Control). Certification in process for Zoom Rooms.
