

Discover the Power of PanaCast 50

Top 5 Advantages Revealed

#1 More meeting room deployment options

Over **80 million** meeting rooms aren't yet equipped with video technology, only 15% according to the report.

(Source: Jabra Hybrid Ways of Working 2023 Global Report)

The award-winning PanaCast 50 experiences are available as

-  Bring-Your-Own Device (BYOD) as an efficient solution to upgrade smaller-to-medium spaces, giving more flexibility to use multiple platforms
-  Android-based all-in-one room system with Microsoft Teams Rooms and Zoom Rooms certification
-  A Windows-based complete meeting room solution with Microsoft Teams Rooms and Zoom Room certification

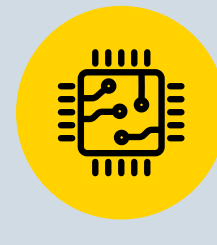

#2 Inclusive technology

of employees say that being able to see and hear their colleagues makes it **easier to trust them.**

(Source: Jabra Hybrid Ways of Working 2023 Global Report)

Exclusive wall to wall coverage with 180° Field-of-View brings the meeting room closer to remote participants, and gives 100% accurate room data and feature precision.

-  Built with additional raw processing power which enables adding new intelligent experiences

#3 Increase productivity and save money

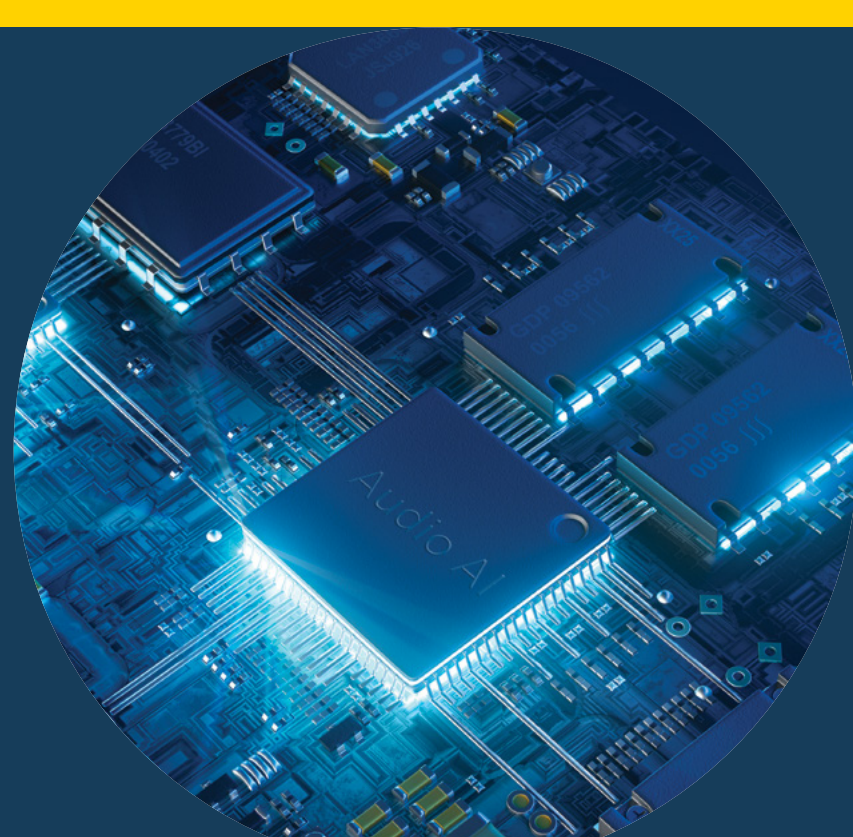

Unique built-in whiteboard streaming functionality.*

*Only available for PanaCast 50 and PanaCast 50 Room Systems

-  Simultaneously stream the room video and whiteboard content, enhancing real-time engagement
-  Upfront savings of up to \$275-\$1374 as it is certified as a content camera for Microsoft Team

#4 World-leading audio

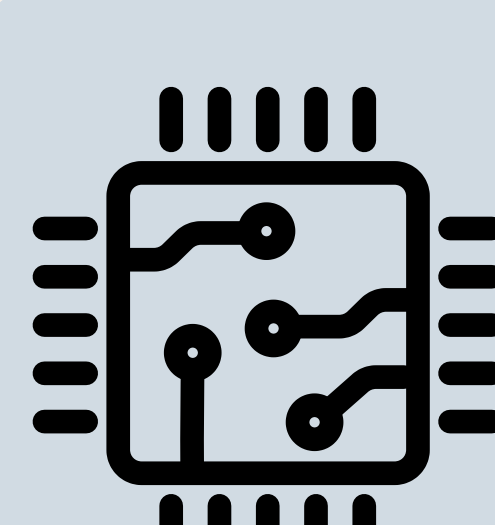

Unparalleled audio quality and clarity, powered by over 150 years of expertise in professional sound, trusted by millions worldwide.

-  Free-flowing conversations with full duplex audio
-  Premium high-definition sound from four room-filling zero-vibration stereo speakers
-  Eight professional-grade beamforming microphones to ensure communication stays distraction-free

#5 Powered by AI

We found that **3 in 10 employees** are hesitant to take meetings from a meeting room simply because they're not as comfortable with the technology as they are with their own laptops.

(Source: Jabra Hybrid Ways of Working 2023 Global Report)

Employees need video-equipped meeting rooms which are easy to use. The powerful AI software in PanaCast 50 is a seriously smart investment, and here is why:

-  Plug-and-play for fast setup and maximum ease of use, with easy start, join and meeting control.
-  It is built with additional raw processing power which enables future upgrades and enhancements
-  Certifications for Microsoft Teams and Zoom means more platform compatibility, more ease of use, and more optimized collaboration and content sharing experience

Get ready to show your customers something truly unique. Something made to bring people together. Now you can instantly upgrade and optimize small-to-medium-sized meeting spaces with PanaCast 50 solutions.
