

Why Upgrade to the ZQ600 Plus Series?

Maximize productivity with premium mobile printing

Next Generation Technology

- The industry's first Wi-Fi 6 (802.11ax) mobile printer* offers best-in-class WPA3 security, faster and more reliable connections and enhanced roaming
- Know before a battery fails with health and status analytics
- High resolution, color display to make setup and operation simple
- Multiple mechanical design improvements increase robustness over the QLn

Advanced Mobility

- 33% higher capacity standard battery than the QLn — workers can do more on a single charge
- Sleep mode with instant wake-up over Wi-Fi and Bluetooth eliminates printer reboots that drain productivity
- 802.11r fast roaming for seamless access while on the move
- Printhead diagnostics for remote visibility
- Backward compatible with QLn accessories

Improved Operational Efficiency

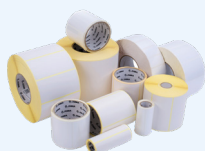

- RFID capable to print RFID tags, on the go, for track and traceability**
- Proprietary Power Smart Print Technology™ reduces power consumption up to 30 percent
- Linerless versions offer up to 50% more labels per roll when used with ZeroLiner labels
- Zebra DNA™ offers a combination of productivity, management, development and security tools

Model Transition Guide

Discontinued Model	Replacement Model	Description
