Key benefits

Faster workflows & shorter queues

Operators can **quickly read any kind of barcodes**, even damaged, poorly printed or mobile screens, avoiding rescanning or typing codes manually.

Fewer support costs, faster ROI

Workforce can easily **Plug&Play** our device and start seeing operational improvements on day one. No need to spend hours on device setup, QuickScan **can easy adapt and integrate** with all kinds of **POS systems** and hosts.

No interruptions, more productivity

Rely on our QuickScan to **reduce downtime** with 14 guaranteed hours of operational use on our Cordless models, while **lowering maintenance costs** thanks to our high reliable 10 million hits trigger and set of cables for highest immunity and no involuntary resets or miscommunication.
