radionix

A NEW ERA OF SECURITY

Formerly a Bosch brand

The transition of Bosch Intrusion to Radionix is complete. As an independent company, we are moving faster and focusing deeper, combining our heritage with the agility to meet your evolving needs. Radionix delivers “mission control” for your security, uniting intrusion detection, access control, and fire safety into one seamless, always-on network.

Learn more about us

OUR SENSOR ADVANTAGE

Our Bosch motion detectors by Radionix provide above-industry standard performance and reliability, which makes them a best-in-class option for your intrusion detection requirements. From our Blue Line to the Professional Series, all receive the same level of care and exhaustive testing, guaranteeing high-level performance in a variety of situations.
