Request-to-Exit (REX) Solutions

Request-to-Exit detectors help create safer, smarter, and more reliable access control systems.

Improved security at the door

Real-world reliable detection

Better user experience

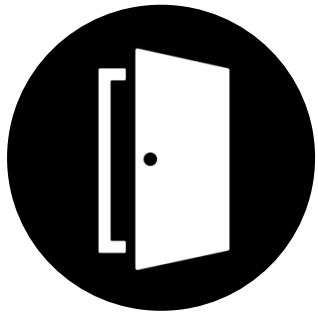

Complete System Integration

Hands-free egress

A Critical Part of Every Access Control System

Request-to-Exit detectors signal the access control system to unlock doors automatically when motion is detected.

Doors

Secure access point

Request-to-Exit Detectors

Detects authorized exit movement

Access Control Panel

Processes the exit request

Unlock Doors

Allows safe, hands-free egress

Advanced Features Designed to Improve Reliability, Flexibility, and Control.

Wrap-Around Coverage

Provides broad detection coverage across the entire door approach area for more reliable exit activation.

Sequential Logic Input

Works with additional devices to help reduce unwanted activations and improve your system control.

Adjustable Detection Patterns

Customize coverage zones to fit the specific requirements of each installation environment.

Door Monitoring Capabilities

Supports enhanced door status awareness to help improve access control performance.

The Industry Standard for Features and Performance

DS160 and DS150i Request-to-Exit Detectors

DS150i

Sensor Sounder Black

Real World Applications

Our detectors are designed for everyday Access Control Applications

Sales Office

Reliable exit detection across the entire door approach area.

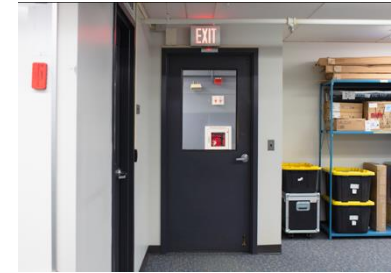

Education

Reliable exit control for schools and campuses.

Healthcare

Hands-free operation for staff and patients.

Retail

Controlled access without disrupting customer flow.

Celebrating 30 Years of Innovation

For more than 30 years, Request-to-Exit solutions have helped security professionals create safer, more reliable access control systems. From commercial facilities and schools to healthcare and retail environments, our technology continues to evolve while delivering the dependable performance installers and end users trust every day.

- **Proven Performance**
- **Trusted by Security Professionals**
- **Continuous Product Evolution**

BOSCH

Superior by Design. Best by Test.

30th Request-to-Exit Anniversary video

Smarter Detection for Every Exit

The DS150 and DS160 Series provide dependable Request-to-Exit detection for today's access control environments. Designed for reliability, flexibility, and ease of installation, they help security professionals deliver seamless and secure egress experiences.

- **Reliable performance**
- **Seamless egress**
- **Trusted technology**
