

# DASH7E1 Tablet

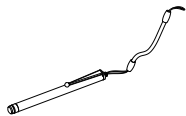

Easy Kit

T2-ACC101

## Packing Contents

1 x Hand Grip  
T2-OHGR01

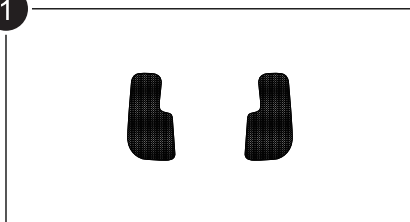

1 x Stylus  
T2-STY101

1 x Hand Strap  
T2-STR101

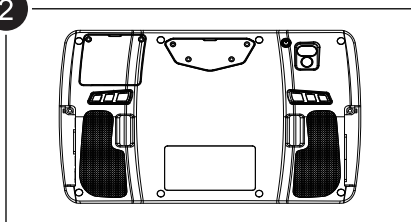

## Hand Grip Installation T2-OHGR01

1

Peel the protective film from the adhesive side of the hand grips

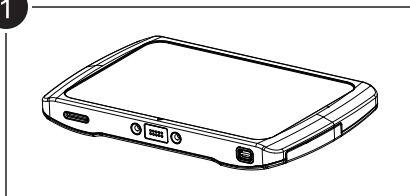

2

Apply the hand grips onto the back of the DASH.

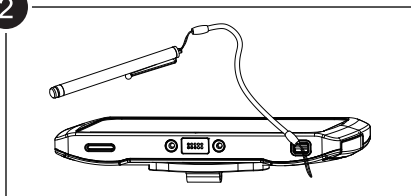

## Stylus Installation T2-STY101

1

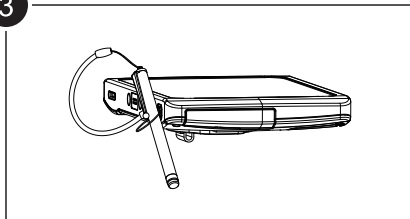

Find the stylus installation bar on the bottom of the DASH

2

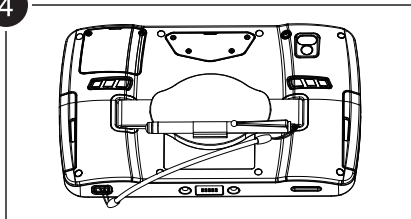

Insert the stylus thread under the bar and out

3

Insert the pointing end of the stylus through the thread loop and pull it through

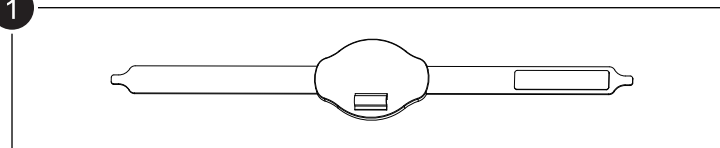

4

When not in use, the stylus can be placed into the stylus holder on the hand strap located on the back of the DASH.

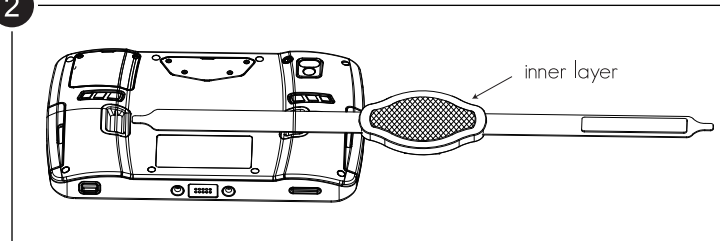

## Hand Strap Installation T2-STR101

1

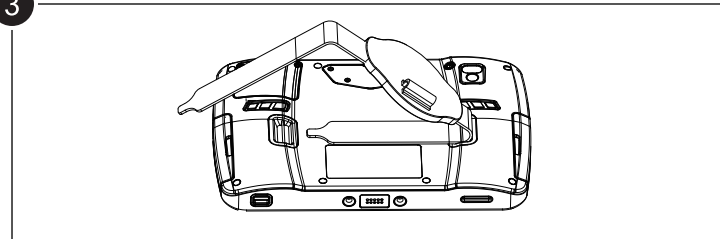

Undo the velcro and lay the strap. (outer layer shown)

2

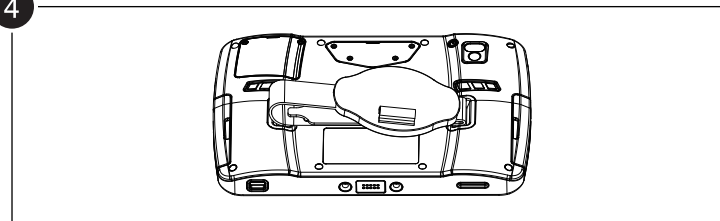

Flip the handstrap and insert one end thru the holder bar.

3

Bend the hand strap, and insert the other strap thru the 2nd bar.

4

Attach the Velcro and ensure there is a secure fit. Make sure the orientation of the strap is correct, the stylus holder should be closer to the bottom of the DASH.
