

Printing and Signage Solutions for Today's Environment

Epson Makes It Easy

Today's businesses are facing unprecedented challenges. Epson offers a wide-range of proven products that simplify addressing social distancing and customer safety-related messaging to help your business overcome these challenges. We have a variety of solutions that make it easy, from creating static signage and dynamic video communication for safety protocols, to printing disposable menus and personalized takeout labels.

Label and Informational Single-Use Printing

The Epson Advantage

Diverse Solution Portfolio

- Monochrome or color labeling for to-go orders
- Printing of single-use menus and receipts
- On-demand dynamic and printed signage, posters and directional floor graphics

Future Proofing

- Use for numerous applications such as marketing signage, receipt printing and guest check-in badges
- Print, display and communicate a wide-variety of different content and information
- Can be used by various departments from accounting to the warehouse

Outstanding Reliability

- Quality you can count on
- Dedicated technical resources
- Solutions to support unique business applications

“Early in 2020, no one really knew what was going on. We needed to provide peace of mind to anyone entering a building. When we realized that businesses needed tangible proof that someone was okay to enter, the Epson label printer was the easy answer. We easily printed a “cleared” sticker once they passed the temperature scan - all done with a minimal integration lift.”

Laura Davis-Taylor —
Chief Strategy Officer, InRealty
